

Join us in spirit for 5 days of cycling in Israel. We will push the pedals as hard as we have to because we . . .

-  Understand the challenges of living with physical disabilities
-  Are grateful for our healthy children and grandchildren
-  Passionately believe in ALYN's life changing work
-  Are inspired by the way the ALYN kids never give up

**WE RIDE BECAUSE WE CAN  
FOR KIDS WHO CAN'T**

**YES, I WANT TO SUPPORT ALYN HOSPITAL BY SPONSORING**

 US Tax ID # 13-6100833 Canadian Charitable Reg. # 118784834

**You can donate with confidence because 100% of your gift goes to ALYN Hospital, and is tax deductible to the full extent of American and Canadian laws.**

**ONE PERSON CAN CHANGE THE LIFE OF A HANDICAPPED CHILD**

**I AM ONE OF 350 RIDERS I AM ONE WITH ISRAEL I AM ONE WITH ALYN**

**ALYN HOSPITAL** is Israel's only comprehensive pediatric and adolescent orthopedic and rehabilitation center offering all of the medical and para-medical treatments available to patients under one roof. ALYN treats babies, toddlers, adolescents, teenagers and young adults who are physically disabled because of congenital or acquired disorders. Patients also include victims of terrorism and survivors of car and home accidents as well as those with severe burns and post-surgical oncological complications.

A dedicated team of doctors, nurses, therapists, psychologists, social workers, teachers and volunteers combine expertise with love so that state of the art equipment and cutting edge rehabilitative techniques make it possible for every child to reach his or her fullest potential and highest possible level of function and mobility.

The magic happens in ALYN's Active Rehabilitation Unit, Respiratory Rehabilitation Unit, unique Day Care Center incorporating medical, educational and rehabilitation components, the Legacy Heritage Fund Independent Living Neighborhood (for resperated young adults) and specialized Out Patient Clinics.

**WHEELS OF LOVE** is the Hospital's largest annual fundraiser. The bike ride brings together Americans, Canadians, Israelis and Europeans who are all passionate about Israel, children and cycling. The ride is a five day moving caravan of love and hope. The money raised through the ride helps offset the staggering shortfall the Hospital has because the amount reimbursed from health insurance lags so far behind the actual cost of ALYN's life changing care. The 2017 goal is to raise \$3,000,000. We will reach it gift by gift; just as the ALYN children reach their goals step by step.

**YOU** are invited to ride with us in spirit. Help us change lives with the most generous gift you can give. The life you transform will be a priceless gift to you!
